WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Disease Causes Half the Common Aches and Ills of Humanity.

As one weak link weakens a chain so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come; and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills are directly on the kidneys and cure every kidney ill. The cures are the proof.

W. A. Tracy, painter, living at 1123 Jule street, St. Joseph, Mo., says: "For eight or ten years I suffered at times severely with pains in my back, and although I used doctor's prescriptions and various advertised remedies, I received little relief. I scarcely knew what it was to go without a plaster on my back, and at night, after standing all day at my work, my suffering was always worse. As Doan's Kidney Pills were advertised and recommended by people right here at home, I procured a box and obtained such relief that I kept on using the remedy until all the pain and lameness in my back had left me. I soon felt as strong and well as I ever did. I was so surprised with the results obtained that I gave a statement for publication, advising the use of Doan's Kidney Pills by kidney sufferers. During the six years that have elapsed I have never had no indication of a return of the trouble, except when a cold settled in my back or I feel slightly tired or lame in the back, and then I take a few doses of Doan's Kidney Pills and the trouble is always removed. I am pleased to re-indorse Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agent for the United States.

Remember the name—Doan's—and take no other.

Fred Hollenbeck says his plan of keeping a lantern in the chicken house is a success. It enables his dog to see how to catch the rats without speos.

Fred Hollenbeck, Max Walther,

Johnson Brown, Funny Albert, Wild William, Bouncing Billy, Screaming Fritz, Jimmy the tumbler, Peter the boxeater, Little Monkey and several ladies have worked some at the Hickory Lawn farm and Nurseries this season.

G. Kimble ran down a hill one Sunday evening, carrying such a heavy load that he was unable to stop when he reached the foot of the hill. He ran into a pool of water and some mail which he had in his pocket was washed away. He was not able to recover the mail, it being all he could do to recover himself.

There was a large crop of apples in this locality last year, but it looks now as though the apple crop this year would beat it. The trees that are bearing the most and best apples are the ones that were propagated and raised here. The budded apple trees that were sold in this locality several years ago did not prove as long lived or profitable as the home grown grafted trees, although they were sold at high prices.

UPSON DOWNS.

Middletown Chips.

Isaac Uptegrove of Montgomery was here Wednesday of last week to secure the moving of the saw mill belonging to J. B. Keithley and Hez Bethel to his land over on Elkhorn, where he has considerable work in that line to be done. The mill was started Tuesday to its new location.

Elmer Dunn, who has been attending the State University in Columbia, arrived at his home here on Wednesday of last week. Mr. Dunn was one of the graduates of the university this year, and is a most exampalary young man. He will teach near Ladonia this fall and winter.

They tell it on Jno. W. Gregory of Marling, and "they say" it is an actual fact. There was a good Methodist meeting at Horeb church a few Sundays ago, and Mr. Gregory and family, being members of that denomination attended, of course, and took their dinner. J. W. was somewhat hurried, and in going to the porch to get the box of dinner, grabbed up and hauled to the meeting house a box of goslings that his wife had placed there for safe keeping. The mistake was not found out until the box was uncovered for dinner. The Methodists are death on chickens—and all other denominations endorse that part of their creed—but they can't "go" goslings until they are at least six or eight months old.

An Alarming Situation

requently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by E. B. Moore druggist. Price 25c. Try them.

Modern Catacombs.

The new Roman Catholic church at Dover is partly excavated from the cliffs, and its scheme of decoration is an exact copy in design and coloring of the Catacombs at Rome.

Quite Simple.

The formula of the "new" and "simplified" school of spellers seems to be: "Spell it wrong, and you're right."—Louisville Courier Journal.

Travel Right to Oklahoma

The Missouri Kansas and Texas R'y has recently inaugurated additional daily trains for Oklahoma City, Guthrie, Cleveland, Bartlesville, Coffeetown, etc. With this added service the M. K. & T. R'y is the logical line between St. Louis and Kansas City and all principal points in Oklahoma.

Change of cars is one of the greatest inconveniences of travel. You don't have to change cars if you travel via the Missouri, Kansas & Texas R'y. Through trains—over its own rails—run between St. Louis and Kansas City and Oklahoma City, Dallas, Ft. Worth, San Antonio and Galveston. All through trains have Chair Cars and Pullman Sleepers.

How to Go

When you have to travel use the same discrimination in buying a ticket that you would in buying anything else. Assure yourself in advance of what you may expect in the way of comfort and convenience en route. If there is any information you want about a prospective trip, write me. I will gladly give you the information. Address

His Honeymoon Feeling.

"Jedge," said the old colored citizen, "how much for a license ten git married?"
"Want it for yourself?"
"Yes, sah. You see, I gittin' mighty old now."
"That's evident. Then, why do you wish to marry?"
"Well, Jedge, ter tell de truth, somebody gimme a long coat, a linen collar en a walkin' cane, en I knows a 'oman what says she kin make a livin' fer me, en I feels des lak' a honeymoon!"—Atlanta Constitution.

Geyser Clock.

One of the most curious clocks in the world is, perhaps, that which tells the time to the inhabitants of a little American backwoods town. The machinery, which is nothing but a face, hands and lever, is connected with a geyser which shoots out an immense column of hot water every 28 seconds. This spouting never varies the tenth of a second. Every time the water spouts up it strikes the lever and moves the hands forward 28 seconds.
